- 5--an electric "vacuum cleaner"
- 1--an electric rug beater
- 2--an electric rug sweeper
- 3--an electric nap straightener

THE HOOVER is furthermore GUARANTEED by the world's oldest, largest, most successful makers of electric cleaners, to greatly lengthen the life of all your rugs and carpets by reason of the beneficial way in which it beats... as it sweeps, as it suction cleans the dirt away. Remember the Hoover is "5-in-1." Others are merely "vacuum cleaners."

See the difference at our demonstration.

Get a Hoover--

The dirtiest months of the year are here!

Unsprinkled streets. Windy days. Open windows. Dust streaming in. Housecleaning work doubled. That pictures the coming weeks. Makes a Hoover Electric Suction Sweeper more necessary than ever.

Don't let that deady street dirt remain in your home. Don't scatter it throughout the house by

broom-sweeping. Don't let it settle in your rugs where the broom can't reach it.

Remove it daily--remove it completely--sweep and suction clean it out--as you only can with a Hoover.

You need not pay for a Hoover all at once. We will arrange terms that your purse can readily meet. Don't let the lack of money deter you from giving wife or mother The HOOVER. Call for demonstration.
